Fall 2011

In His Service, For His Harvest

We are sending exciting news from the foreign field....a bit more foreign than normal! Libya!

Thank you all for your prayers. We were recently on the continent meeting with the Libyans. Just the week before Gaddafi's death.

God has blessed us with two loads of medical support for Libya!! We had been working on this for three weeks.

The first container arrived in true form. Three hours late on Friday, October 21st. There were ten Libyans waiting to help load. Since they had been in George Square, Glasgow, the day before to celebrate the freedom from Gaddafi's regime, they were all still in high spirits and the mood was festive to say the least. There were a lot of happy faces and picture taking with the new flag. We have never heard so much Arabic spoken at that warehouse. Afterward, they asked which way is east...well you know what's coming... Proverbs 18:16 *"A man's gift makes room for him, And brings him before great men."*

We are still working on organizing two or

more surgeons' teams to go into Libya as soon as possible.

Many of you will remember and even helped when we organized our very first container of aid to go into Ukraine. There was a woman at a church in Pinetop at that time she said to us, "You are moving to Europe to do missionary work, imagine how much you are going to do there!" Well, if you would have told us then how we would be helping people here now we would have been amazed. Having walked through this each step of the way makes it all seem normal, like it's not a big deal. A single step is simply controlled imbalance. So we continue to make our plans and God directs our steps. Someone
